

ALUVISION™
MODULAR EXHIBIT CONCEPTS

novid
make it real

STAND OUT with Novid **LT SERIES**

A LEDwall system for modular aluminium frames

FAST BUILDING EXPERIENCE

'Be excellent and efficient.' That is the motto of the **LT-Series**. We wanted to create **fast** alignment and building methods, that would **save** us **money**. We succeeded and so will you.

ALL-IN-ONE LED AND WALLS

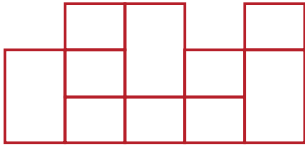

A LEDwall as **versatile** and **modular** as the Aluvision™ exhibit system. With a **high resolution** and for **indoor** and **outdoor use**. This is what every rental company needs.

LONG-TERM VISION

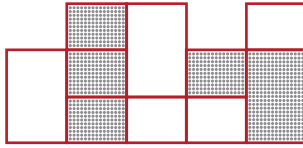

The "Long Term" vision we have with this product is in its name. Our clients will be **our partners** and **business allies**, gathered around a system which will **last longer** than any product line on the market.

Designed for rental and staging

ALU-FRAMES

You design a trade booth with the existing Aluvision™ alu-frames and accessories.

PLUG AND PLAY

Novid's LT SERIES LEDwall cabinets fit perfectly into your configuration.

ALL-IN-ONE EXPERIENCE

The walls and video screen form one seamless system. A stunning experience for you and your visitors.
