GUIDELINES FOR DELIVERING MOVIE FILES

- **At least 48 hours** before the screens leave our warehouse
- Send your files via [novid.wetransfer.com](https://www.novid.be/wetransfer.com) to rental@novid.be + to your **project manager**. As subject write "**content**" followed by your **VHO** number.
- If you are renting **multiple screens** in one VHO number **please specify** which content for which screen in your e-mail.
- Consult with your project manager about the **maximum size** of your **movie file** for the type of screen that you are renting.
- Movie files that are played on a **portrait** screen must be **rotated** and sent to us as a **landscape file**.
- We accept only **one video clip per screen**. Multiple video clips running after the other must be supplied as one film according to the specifications below.
- **Powerpoint** presentations, **youtube** videos or URL's, and individual **images** are **NOT accepted** by Novid as content to be placed on screens.
 *Novid cannot guarantee that converted files (for example: a pptx file to a mp4 file) will be displayed correctly on the rented screen.
- Take into account that if video **content** needs to be **specially created**, that content providers need **time** to produce it. This varies between 2 weeks and 2 months.
